WOULD SEE AMERICA IN 2 DAYS

English Girl's Mistaken Idea of the Size of This Country.

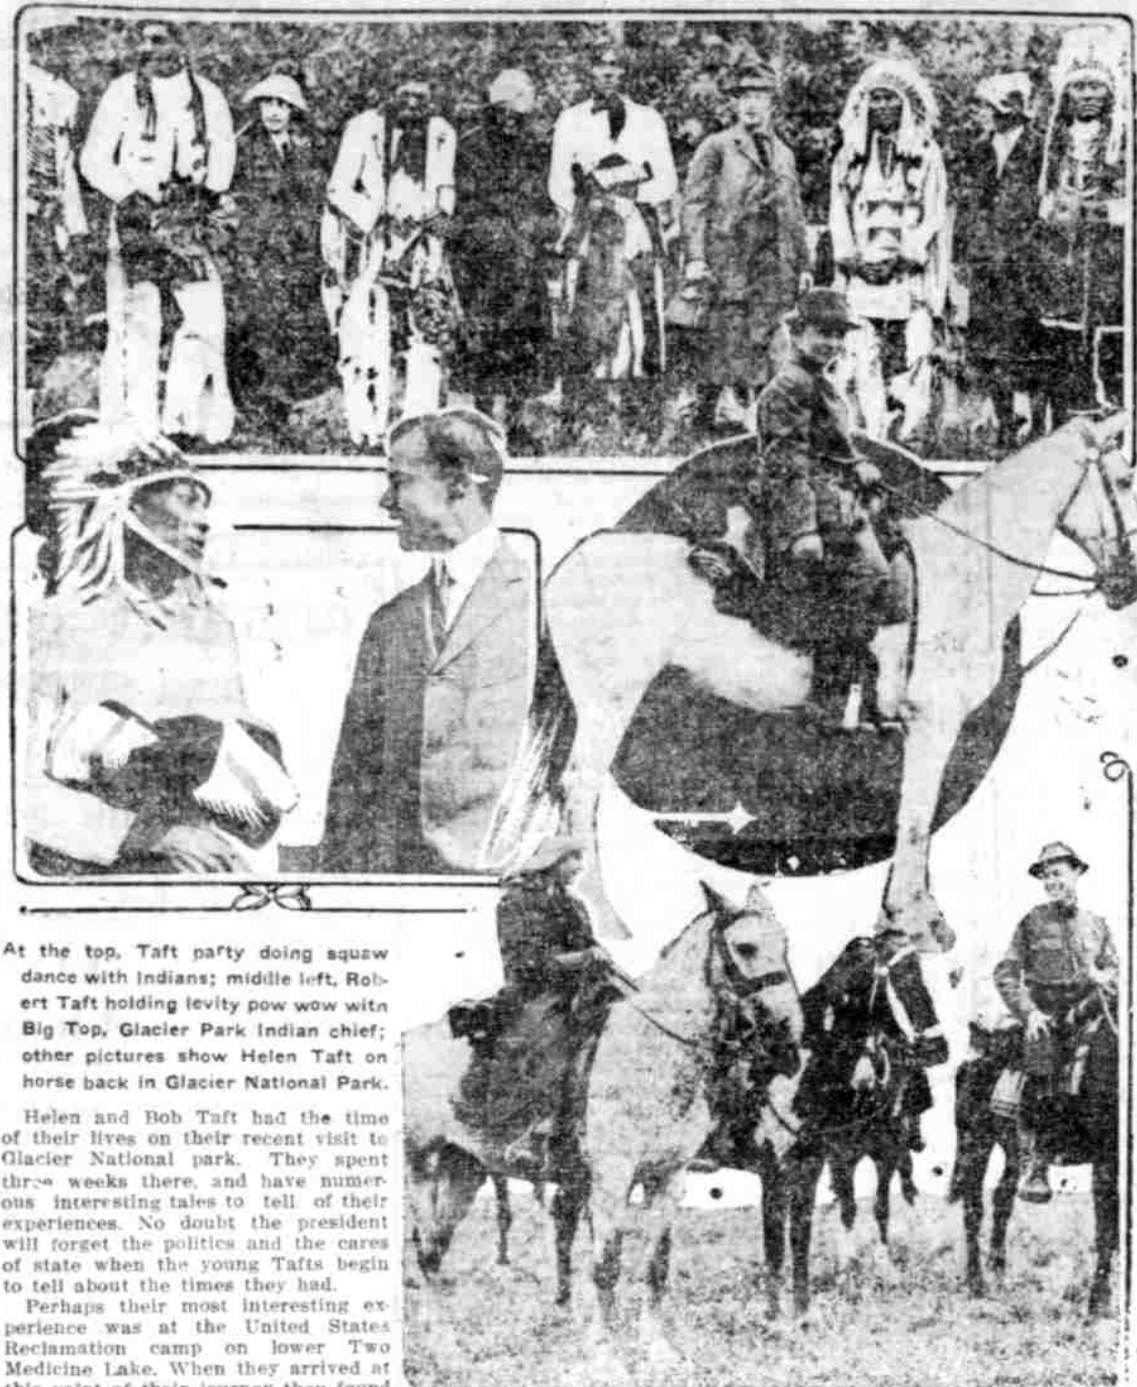

NEW YORK, Sept. 3.—America was discovered today by one of the prettiest girls who ever brought an accent from the British Isles. She learned that Uncle Sam's domain runs for a considerable distance due west from Hoboken.

Miss May Garstang stood on the deck of the steamship Cedric and made plans for a two day's vacation. "I'm going to see America, you know," she said. "I really must run out and see the place you call Frisco. Then I'll have to run up to Chicago and down to Texas to see where your cowboys come from. But I can't waste more than a couple of days."

Miss Garstang was told that it was more than 3,000 miles to the Pacific coast and that it would take a week to get to Frisco. "Really, now, you're chaffing me!" she cried. "Why in England one can go from coast to coast in a day. Isn't it extraordinary?" she exclaimed. "Of course, I've seen maps of your country, but I had no idea the maps were so frightfully accurate."

HELEN AND BOB TAFT HAVE HIGH TIME IN GLACIER PARK; HOBNOB WITH INDIANS WHO LIKE PALEFACES FROM WHITE HOUSE

At the top, Taft party doing squaw dance with Indians; middle left, Robert Taft holding levity pow wow with Big Top, Glacier Park Indian chief; other pictures show Helen Taft on horse back in Glacier National Park.

Helen and Bob Taft had the time of their lives on their recent visit to Glacier National park. They spent three weeks there, and have numerous interesting tales to tell of their experiences. No doubt the president will forget the politics and the cares of state when the young Tafts begin to tell about the times they had.

Perhaps their most interesting experience was at the United States Reclamation camp on lower Two Medicine Lake. When they arrived at this point of their journey they found Louis W. Hill, chairman of the Great Northern railway board of directors, and a band of real Indians whom he had in waiting for them as a surprise. One of the accompanying photographs shows the party doing the squaw dance.

It is here that Robert Taft held a levity pow wow with Big Top, Glacier Park Indian chief. Big Top took a great liking to the son and daughter of the nation's "great pale face chief," and vowed he'd like to have

another visit with Bob, perhaps in the White House.

Some good friends of Bob Taft captured a bear cub and presented it to him. The animal was tied to a tree outside the camp, but during the night, so the story goes, the cub's mother came around and chewed the rope in two, thereby making possible her little one's escape.

Bob Taft took the matter philosophically. "Well," he said, "that cub might have been a Teddy bear, and if so dad never would have consented to his hanging around the White House."

In two of the accompanying photographs Helen Taft is seen astride her pony in Glacier Park. She loves the outdoor life, and is especially fond of horseback riding.

TO TRY WIDOW ON MURDER CHARGE

TULSA, Okla., Sept. 3.—Preparations are about completed for the trial of the Reuter murder case at the term of the superior court here this month. The defendants in the case are Mrs. Laura M. Reuter, widow of the alleged victim, and Bud Bellow, Guy D. Mackenzie and Joe Baker.

The murder of Charles T. Reuter, who was a well known lawyer, is one of the most baffling mysteries the police of this city ever have dealt with. He was killed in the bedroom of his home on the night of May 5 last. Valuable diamonds he wore and a large sum of money were missing. Mrs. Reuter was locked in her room across the hall at the time and her screams aroused the neighborhood. A tall man, masked, with a red light dangling from a belt, was seen running from the house.

The next day Mackenzie, Bellow and Baker were arrested on the theory that Reuter's murder was the result of a conspiracy, with robbery as a blind to conceal the real motive. Not until the preliminary hearing of the three men began was Mrs. Reuter served with a warrant charging her with being a party to the alleged conspiracy.

CALGARY'S FRONTIER WEEK.

CALGARY, Sept. 3.—Calgary's fall festival, known as "Stampee and Frontier week," is now under way and there is a large attendance of visitors from all sections of the Canadian west and from across the American border. The attendance is expected to be much larger later in the week, when His Royal Highness, the Duke of Connaught, will be here. Hundreds of Indians in picturesque costumes are gathered to take part in the series of parades and historical pageants portraying stirring incidents of the frontier days. Daily competitions in riding and roping are included in the program. The offer of \$20,000 in cash prizes has attracted the champion ropers of Wyoming, Colorado, Oklahoma and Mexico. Another added attraction of the carnival is the famous "Round-up" cowboy band of Pendleton, Oregon.

Pure Beer Will Not make You Bilious

We go to Bohemia for hops; one of our partners selects the barley; water is brought from rock 1400 feet under the ground.

Not only is Schlitz—every drop of it—filtered through white wood pulp, but even the air in which it is cooled is filtered.

Before it is offered to you it is aged for months in glass enameled tanks. It will not, it cannot cause biliousness. It will not ferment in your stomach.

Light starts decay even in pure beer. Dark glass gives the best protection against light. The Brown Bottle protects Schlitz purity from the brewery to your glass.

More and more people every year are demanding Schlitz. Why don't you demand this pure beer?

is branded "Schlitz."

BAND CONCERTS AT LOWELL IN NEAR FUTURE

Residents Getting Together
on Location of Stand;
Sunday Music
Soon

Inquiry at Lowell brings the belief that the people there are getting together and are near an agreement on the subject of a site for the band stand for the erection of which nearly \$300 has already been subscribed.

The trend of public sentiment there is toward the site at the upper end of town and it seems likely that this will be selected and make the stand erected within a short time.

When the matter of a band stand at Lowell was first considered two sites were mentioned, one at the upper end of town and another below the lower end of Main street. The project of establishing a park at the latter point had been considered and the advocates of that site advanced the argument that the proposed park was the proper place for the stand and besides this that those who attended the concerts would pass all of the stores along the main business thoroughfare.

But those who favored the upper site objected that there was as yet no park laid out nor had the land for such a recreation spot been obtained. Under these circumstances they held that the point which they favored was the only feasible one. And now they appear to be winning their contention and the committee which has the matter in hand will be urged to push matters so that concerts can be held this fall.

It is urged that the stand could be easily completed this month and that thus it would be possible to hold eight or ten Sunday afternoon concerts before the weather shall become too chilly to make such affairs enjoyable. But few details remain to be completed and the committee, provided the agreement is reached, can speedily end the matter.

HIRSH FAVORS WILSON

Says Roosevelt Will Beat Taft, but
Ridicules New Party.

LONDON, Sept. 3.—Dr. Emil G. Hirsch of Chicago, who sailed for home today on the Mauretania, said: "I think I shall vote for Governor Wilson. Roosevelt, who is running a patent medicine side show of American politics, has every bad and quick remedy which he can scrape together. He is unsound on the woman suffrage question, which ought to be decided by the states. I believe Roosevelt will beat Taft, who was forced into signing the Panama bill by the political situation."

Referring to the police scandal over Rosenthal's murder, Rabbi Hirsch said every American ought to hold down his head in shame.

FOR WOMEN ONLY.

That is the nature of Dr. Pierce's Favorite Prescription—the one remedy for women which contains no alcohol and no habit-forming drugs. Made from native medicinal forest roots. Dr. Pierce tells its every ingredient on the bottle-wrapper. Prominent physicians and some of the best medical authorities endorse these ingredients as being the very best known remedies for ailments and weaknesses peculiar to women.

This is what Mrs. GENEVIEVE E. COFFEY, of Longstreet, Ky., says: "I feel it my duty to write and tell you what your medicine has done for me. I was a great sufferer for six years from a trouble peculiar to women, but I am thankful to say, after taking four bottles of your 'Favorite Prescription' I am not bothered with that dreadful disease any more. I feel like a new woman. When I first wrote you for advice I only weighed 115 pounds—now I weigh 135. 'I thank you very much for your kindness. You have been as a father to me in advising me what to do, so may God bless you in every effort you put forth for good. 'I hope this testimonial will be the means of some poor suffering woman seeking health.'"

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.
